The Integrated National Guidelines on ART, PMTCT, and IYCF (2012)

Resource type:
Clinical & Technical Resources
--Guidelines and Job Aids
Subsection:
MOH Guidelines
Sequence number:
09

This document contains the revised guidelines for antiretroviral therapy (ART), prevention of mother-to-child transmission of HIV (PMTCT), post-exposure prophylaxis (PEP), nutrition care and support for people living with HIV/AIDS (PLHA), infant and young child feeding (IYCF) in the context of HIV, and pediatric and adolescent HIV care. The document is meant to facilitate integration of these services and promote a family-centered approach to HIV prevention, care and treatment.
