

Unite to End TB:

**Leave no one
behind.**

**Everyone is
vulnerable
to TB.**

TB is curable.

**I am a TB
survivor.**

**You can be
HIV-negative
and still have TB.**

Get tested.

Get involved to end TB.

**Tell your friends
and family to get
tested.**

**Learn more about TB testing
from your healthcare provider!**

**FACT: TB rapid testing
is widely available and
you can be diagnosed
in under two hours.**

**Reduce stigma and discrimination
against individuals with TB.**

**FACT: Shortly after
starting treatment,
most people no longer
spread the infection.**

Stop smoking to prevent TB.

**FACT: More than 20%
of TB cases worldwide
are attributable to
smoking.**
